

[Easy to arrive nursery empty-handed] is achieved with the following items shown below
Items such as: Afternoon Napping Set, change of clothes, etc. will be prepared by the nursery.
Therefore the children's guardian(s) will have no trouble and can arrive completely empty-handed.

*In addition to the items shown in the photo we also have water bottles for walks, items for mealtimes (Such as mouth wipes) and powdered milk.

*For uniforms and special supplies our staff members will write the name of the child during the preparation time before the child joins the nursery and will be their personal set.

*Even after joining the nursery things such as washing the clothes and disinfectant will all be done at the nursery.

We protect the infants oral health with custom-made baby toothbrushes from a dental contractor, which are disinfected with a specialized sterilizer.

We use a fluffy and highly absorbent microfiber material for bathing towels.

We use Pampers, which has the largest shares in domestic hospitals. It is safe, secure and high quality using the same weak acid used by wet tissues for wiping bare skin.

Triangle bandage

Smock

Hair Clip

Bibetta bib with excellent water absorption and quick drying. Easy size adjustment with Velcro, can be used from 0 to 2 years old.

For naps we use futons (0yrs old) and cot beds (1yr and 2yr olds) according to their age. We disinfect and wash them regularly.

★All nap supplies have the childs name on them and will be used only by them.

In the Winter we use fluffy microfiber blankets

During Spring and Summer we use towelettes.
